STAY COOL. STAY SAFE. STAY BIGFOOT STRONG.

August is here, and so is the heat. At Bigfoot Construction Supply, we know that summer brings unique challenges to the jobsite – from rising temperatures to increased exposure. Keeping crews safe, hydrated, and comfortable is critical to productivity and well-being.

That's why this month we're highlighting our seasonal PPE essentials to help you and your team stay safe in the summer heat:

- *High-visibility vests to keep your team seen and secure*
- *Durable work gloves designed for grip and comfort*
- *Protective eyewear for clear, safe vision on the job*
- *Hydration solutions – including water and electrolyte products to prevent heat stress*

We proudly stock trusted brands like Majestic, Protective Industrial Products (PIP), Spearfish, and many others – bringing you top-quality gear built for the trades.

Creating a safe, well-equipped worksite doesn't just prevent injuries – it keeps projects moving and people protected. As the summer sun keeps turning up the heat, make sure your team has what they need to stay cool, hydrated, and ready for anything.

Contact your Bigfoot sales rep today for details on our seasonal safety products, bundle pricing, and special August promotions.

WORK ANNIVERSARIES

Andrew Stanton

Andrew Stanton, our **Warehouse Manager** at the Kent Branch, has been with Bigfoot since August 2022. Andrew has kept a steady hand on the pulse of our Kent operations — from designing branch plans and managing stock to pushing out orders quickly, even with late notice. He consistently goes above and beyond for the team and always puts the group first. We were lucky to bring Andrew on board, and we continue to benefit from his expertise and the way he supports both our shop and our customers.

Logan Wagner

Logan Wagner, a member of our **Outside Sales team** and **Director of Web**, joined Bigfoot in August 2023 and has brought a fresh, innovative approach to our business. With his background in tech, Logan has been instrumental in building Bigfoot's online presence and now brings that same drive and creativity into his role in outside sales. Logan has proven time and again that he's willing to go the extra mile for Team Bigfoot, and we're grateful to have him as part of our future for the long haul.

Andrew and Logan — THANK YOU for all you do. Your contributions make Bigfoot stronger every single day.

IN LOVING MEMORY OF STELLA

This week, the Bigfoot family said goodbye to one of our most beloved members, Stella, our honorary mascot, loyal friend, and all-around good girl. At 15 years old, Stella brought warmth, smiles, and joy to everyone who walked through our doors – from our team to our customers.

She wasn't just a dog; she was part of our family. Her tail wags, calm presence, and constant companionship made the Bigfoot shop feel like home.

On Wednesday, July 30th, Stella crossed the rainbow bridge, and while our hearts are heavy, we know doggy heaven just got a very good girl.

Thank you, Stella, for all the great memories, love, and comfort you gave us. You'll always be part of Bigfoot!
