SPOOKY GOOD CONSTRUCTION SUPPLIES

As the leaves fall and the rain rolls in, we're here to make sure you and your crew are fully equipped for the season. While the Halloween spirit brings a little fun, safety on the jobsite is no trick – and we've got all the treats you need to prepare for the wet and chilly months ahead.

Gear Up for Fall Safety

We carry complete lines of worker PPE and safety gear to keep your team protected in any weather. From Majestic to Protective Industrial Products (PIP) and many other trusted brands, you'll find everything from high-visibility rainwear to insulated gloves and waterproof boots. Say goodbye to summer PPE – it's time to armor up for fall conditions.

Weather-Ready Building Materials

In addition to safety gear, Bigfoot Construction Supply has you covered with products designed to handle the Northwest's toughest fall weather:

- Protective site and material covers to keep projects shielded from the elements.
- Water-resistant building materials for long-lasting durability.
- Waterproofing products to defend against moisture and leaks before winter sets in.

Don't Wait Until Winter Creeps In

Now is the time to stock up and get ahead of the cold, wet season. Whether you need rain gear for your crew or weatherproofing solutions for your next project, Bigfoot Construction Supply has your back.

Building Bonds... Beyond the Jobsite

This September, the Bigfoot Construction Supply team enjoyed some well-deserved time together outside the jobsite. We had a blast joining the **UMC Golf Tournament** at Harbour Pointe Golf Course, teeing off with industry friends and partners. Later in the month, our crew came together again for **Employee Appreciation Night** at the Mariners game, celebrating the hard work and dedication that make Bigfoot what it is today. From the fairway to the ballpark, it was a month full of team spirit and great memories!
