Bigfoot Construction Supply

Monday

What's to come in February at Bigfoot Construction Supply:

Winter isn't slowing down—and neither are we. February is all about staying safe on the job, gearing up for big savings, and getting ready to celebrate a major milestone with you.

➊ Winter PPE: Stay Warm. Stay Safe.

Cold weather brings extra hazards, and the right gear makes all the difference. We're fully stocked on winter PPE to help keep you protected and productive, including:

- Insulated work gloves
- Cold-weather headwear & liners
- High-visibility winter wear
- Hand protection designed for grip in cold conditions

If you're working outdoors, now's the time to upgrade your winter gear before the cold really bites.

➋ DeWalt Q1 Promos Are Coming Soon

Big savings are right around the corner. DeWalt Q1 promotions will be rolling out later this month, with strong deals on tools and accessories you rely on every day.

👉 Keep an eye out—we'll be sharing details as soon as they drop.

➌ 6 Years Strong – Anniversary Deals Next Month

March marks 6 years of Bigfoot Construction Supply, and we couldn't have done it without you. To say thanks, we're planning special anniversary deals and promotions you won't want to miss.

More details *coming soon*—but trust us, it'll be worth the wait.

Thanks for choosing Bigfoot Construction Supply. Stay warm, stay safe, and we'll see you in the store (or online) soon.
