TOOLS, GEAR & MORE!

BUILT FOR THE JOB. READY FOR THE SUMMER.

As summer officially kicks off here in the Pacific Northwest, we want to first thank all of the hardworking men and women across the trades who continue building, servicing, and improving our communities every single day. Longer days, warmer weather, and packed schedules mean construction season is officially here – and Bigfoot Construction Supply is ready to help keep your crews moving.

This month's newsletter is packed with exciting DEWALT Q2 promotions, summer jobsite essentials, and a few updates from the Bigfoot team as we continue growing and improving to better serve our customers throughout Washington.

MEMORIAL DAY

This Memorial Day, we want to take a moment to recognize and honor the brave men and women who made the ultimate sacrifice while serving our country. We're incredibly grateful for their service and the freedoms we enjoy because of them.

As a company proudly serving contractors across the Pacific Northwest, Bigfoot Construction Supply also takes pride in supporting domestic manufacturing and American-made product lines whenever possible. We continue expanding our offering of products that help support BABA, Buy America, and Buy American compliant projects throughout the region.

From strut and fastening systems to safety gear and jobsite essentials, our goal is to help contractors navigate both compliance requirements and day-to-day jobsite demands with reliable products and dependable service.

FATHER'S DAY

To all of the dads, father figures, mentors, and hardworking tradesmen out there – Happy Father's Day from the entire Bigfoot team.

The construction industry is built on sacrifice, leadership, and long hours, and we know many of you are balancing demanding careers while also being role models at home. Thank you for everything you do both on and off the jobsite.

Whether you're in the field, in the fab shop, behind the wheel, or managing projects from the office, we appreciate the hard work and dedication you bring every day.

Bigfoot Construction Supply

BIGFOOT AT SPHERE 1 ANNUAL CONFERENCE

In May, Bigfoot Construction Supply sent Logan Wagner and Matthew Dammeier to Florida to participate in the annual Sphere 1 Conference alongside suppliers and distributors from across the country.

The conference provided a great opportunity to strengthen existing relationships, meet with new supplier partners, and continue promoting the Bigfoot brand on a national level. From product discussions and co-op opportunities to conversations around inventory, logistics, and contractor support, the trip generated a lot of exciting ideas that we're already beginning to implement back home.

Most importantly, the event reinforced something we've believed since day one – relationships, responsiveness, and service still matter in this industry.

We came back with new partnerships, fresh ideas, plenty of stories, and an even stronger commitment to continuing the growth of Bigfoot Construction Supply here in the Pacific Northwest.

THANK YOU to all of our customers and partners who continue supporting us as we grow.

SUMMER HEAT & JOBSITE SAFETY

As temperatures continue to rise, now is the time to make sure crews are prepared for the summer heat.

Bigfoot Construction Supply carries a wide variety of summer jobsite essentials including:

- Water & hydration boosters
- Cooling towels and heat gear
- High-visibility summer PPE
- Gloves, hard hats, and safety glasses
- Jobsite fans and cooling solutions
- Sunscreen and skin protection products
- DEWALT jobsite lighting and portable fans
